

DANCESPORT AUSTRALIA

Juvenile - Dress Code

Under 16 Division – Jan 2020

Introduction

Competitor dress code is based on the following guideline principles:

DanceSport has important artistic elements where grooming and dress should enhance but not dominate.

Further the dress code is required for juvenile competitors to ensure that:

Entry into competition should be as accessible to as many people as possible. The cost of entry should be as cheap as possible relative to the minimum standard of dress required for competition.

At the outset, the emphasis for competitors should be on ability, not dress. As competitors move through the grades more emphasis is given to grooming and dress but never to the exclusion of ability.

During the formative period of their introduction to DanceSport, new competitors (in particular juvenile competitors, along with their parents and teachers) should have virtually no other consideration than to develop their technical ability.

The health of juvenile competitors does not suffer due to inappropriate footwear.

General Provisions

1. Competitors in juvenile events must comply with the dress code set out in the “Juvenile - Dress Code” policy.
2. The attention of parents and/or teachers of juvenile competitors is particularly drawn to this code, and to the fact that a breach of these rules is unfair to other competitors who have abided by the dress code.
3. Competitors who breach the competition dress code while competing in a DanceSport Australia registered event are liable for disqualification from the event.

Application of this Policy

It is the responsibility of both parents and coaches to ensure that competitors adhere to and understand these dress code requirements.

It is the responsibility of the promoter of any DSA registered event to remind competitors of their obligations to adhere to the dress code.

During the course of any event, it is the responsibility of the Chairman of Adjudicators to inform any competitors that do not comply with these requirements.

Competitors who do not comply with these requirements must be informed and will not be permitted to compete in the next round of competition if they are unable to meet these requirements.
